

Dharma Circle Practice March 2022

Reality is a Love Story

PRACTICE:

“When the state of the world is more devastating than ever, we must work harder at gathering all the evidence we can that Reality is innocent. This month, gather all the evidence you can, that the Universe Is a Love Story”.

1 – Ask yourself: who would I BE if I took seriously that Reality is a love story?

2 – Collect all personal cultural or systemic evidence that The Universe is a Love Story.

*This month we are all lawyers, gathering evidence that the universe is Love story. Reality is our client, and we must prove her innocence (a post – tragic/second innocence).

Find each other in dyads or tryads, and share your evidences.
